Program Descriptions

The Pregnancy to Preschool Partners will coordinate the best program fit for your family.

Healthy Families Tehama offers you a personal support coach to help you be the best parent(s) you can be. Services are offered to pregnant women and families with children ages 0-3 and include family-centered emotional support, referrals to other services, assistance with navigating access to services in the community, and education and career goal setting. Services are offered in your home or place of your choice. There are no costs or income requirements for the services.

The School Readiness program provides parent education and support to pregnant women and families with children ages 0-5 at no cost and with no income requirements. The services offered include one-on-one parent education using the Parents as Teachers home visitation curriculum, weekly playgroups, developmental screenings, and access to community resources and services.

Healthy Beginnings is a Public Health Nursing program that provides education, referrals, and case management. This program is available to pregnant women and families with children ages 0-5.

Northern California Child Development, Inc. (Early Head Start/Head Start) programs promote the school readiness of children ages birth to 5 from low-income families. Services are provided to children and families in core areas of early learning, health, and family well-being, while engaging parents as partners every step of the way. Head Start encompasses Head Start preschool programs, which primarily serve 3- and 4-year-old children, and Early Head Start programs for infants, toddlers, and pregnant women.

The State Preschool Program has 7 sites which offer creative, hands-on learning for kids including math, literacy, science, art, and discovery centers. Free to income-qualified families, with part-day and full-day schedules available for children ages 3-5. Private pay spots available with part-day and full-day schedules available. We have experienced staff in a safe and nurturing environment with nutritional meals served.
